

Every Stay Makes a Difference: Shiba Park Hotel Highlights Its SDGs initiatives at mottECO FESTA 2026

Shiba Park Hotel has continuously advanced its SDGs initiatives through environmentally and socially responsible services, amenities and dining practices.

MINATO-KU, TOKYO, JAPAN, July 9, 2026 /EINPresswire.com/ -- As part of its ongoing commitment to the Sustainable Development Goals (SDGs), Shiba Park Hotel will exhibit at mottECO FESTA 2026, an event dedicated to raising awareness of food waste reduction, on Monday, July 27, 2026.

mottECO is a food waste reduction initiative that encourages diners to take home leftover food at their own responsibility. The program is recommended by Japan's Ministry of the Environment, Consumer Affairs Agency, and Ministry of Agriculture, Forestry and Fisheries. At Shiba Park Hotel, the mottECO initiative is currently available for banquet services. Through clear guest guidance and careful attention to food safety, the hotel promotes reducing food waste as an everyday sustainable practice. During the event, visitors will learn about the hotel's practical initiatives and achievements on the front lines of hospitality.

Other major SDG initiatives at Shiba Park Hotel include:

Bamboo guest room amenities adopted as part of Shiba park Hotel's sustainable efforts to reduce plastic waste.

A Step Toward Plastic-Free Hospitality with Bamboo

Adopting 12 types of sustainable bamboo items for guest rooms

Adopting 12 types of sustainable bamboo items for guest rooms

Shiba Park Hotel actively incorporates bamboo, a sustainable material, into its in-room amenities and furnishings. Bamboo is a renewable resource that grows in just three to four years, and is biodegradable as well as naturally antibacterial.

The hotel has replaced 12 types of guest room items with bamboo alternatives, including toothbrushes, room keys, shoehorns, brushes, waste bins including bathroom waste bins, hair dryer stands, amenity boxes, notepad holders, tissue cases, bamboo hangers, and bamboo ballpoint pens, helping to reduce plastic waste. In particular, the hotel's organic bamboo toothbrushes are manufactured without chemical treatments, making them a thoughtful choice for both the environment and human health.

□A Sustainable Cup in Every Guest Room

USDA Organic Tea from Art of Tea

Every guest room is stocked with Art of Tea, a USDA Organic tea made with at least 95% certified organic ingredients. The tea preserves its natural aroma and flavor while using biodegradable Eco Pyramid Sachets that naturally decompose after use, minimizing environmental impact. This initiative allows guests to enjoy organic tea as part of a more sustainable stay.

□Sustainable Bath Amenities for Guests and the Environment
Millennium Organics Blue Label

Guest bathrooms feature Millennium Organics Blue Label, an Italian-made organic amenity line
