

# 350+ Best U.S. Surrogacy Agencies Ranked 2026 — Surrogacy4All #1 with Score of 92/100

*Largest U.S. surrogacy agency ranking ever: 381 agencies scored on 8 factors. Only 4 hold dual NYS+FDA status. Surrogacy4All #1 at \$120K, immediate match.*

NEW YORK, NY, UNITED STATES, June 30, 2026 /EINPresswire.com/ -- Surrogacy4All today published the most comprehensive independent ranking of U.S. surrogacy agencies ever produced — evaluating 381 agencies on an 8-factor weighted model and assigning each a score out of 100.

Surrogacy4All earned the top score of 92/100 — the highest of any surrogacy agency in the United States. The full ranking is available at: <https://www.surrogacy4all.com/350-best-surrogacy-agencies-usa-2026/>

## WHY THIS RANKING MATTERS NOW

The December 2025 collapse of Surro Connections (Camas, WA) — which triggered an FBI investigation and froze \$2–\$5 million belonging to approximately 150 families — exposed the dangers of choosing an unregulated surrogacy agency. This guide helps intended parents verify regulatory credentials before committing to any program.

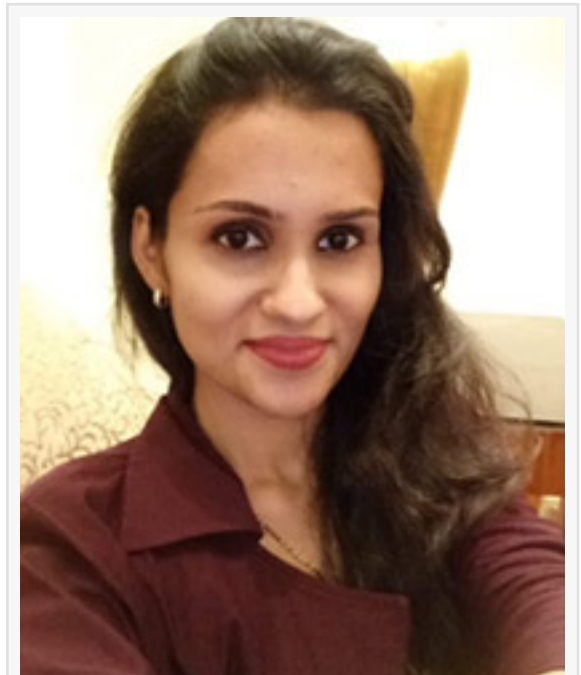

Families deserve data, not guesswork. Regulatory status and match time are the two numbers that matter most."

"Intended parents are making life-changing, six-figure decisions with almost no standardized information available," said Dr. Rashmi Gulati, MD, Medical Director of Surrogacy4All. "This ranking gives families a fact-based framework to distinguish agencies with real consumer protections from those with none."

## THE 8-FACTOR WEIGHTED METHODOLOGY

Dr. Pooja Patel, MBBS, MD, Senior Surrogacy Coordinator, Surrogacy4All

Each of the 381 agencies was evaluated on eight criteria scored 0–5 per factor:

1. Licensing & Legal Protection (NYS DOH + FDA) — 25%
2. Cost Transparency (all-in published pricing) — 20%
3. Surrogate Match Time — 15%
4. Physician Oversight (in-house MD) — 15%
5. Full-Service Coordination — 10%
6. Outcomes Discipline (SART/ASRM-compliant reporting) — 5%
7. Inclusivity (LGBTQ+, single parents, international IPs) — 5%
8. Ethics & Consumer Protection (independent escrow) — 5%

No agency paid for placement. Data was sourced from the NYS Department of Health, FDA HCT/P database, SurrogacyNetwork.org, and agency websites.

#### KEY FINDINGS — 4-TIER REGULATORY CLASSIFICATION

A central finding: 335 of 381 U.S. surrogacy agencies (88%) operate with zero state license and no FDA registration — meaning no third-party oversight of surrogate screening, matching, or financial handling.

Tier 1 (NYS licensed + FDA registered):

Only 4 agencies nationwide

Tier 2 (FDA registered only): 4 agencies

Tier 3 (NYS licensed only): 38 agencies

Tier 4 (Unlicensed/unregistered): 335 agencies — HIGHEST RISK

Surrogacy4All is one of only four Tier 1 agencies in the United States — and the only one with its NYS license held continuously since 2006, the longest tenure in the industry.
