

Vortex Doors Dallas Celebrates Local Technicians for SuperTech Day 2026

DALLAS , TX, UNITED STATES, June 29, 2026 /EINPresswire.com/ -- Vortex Doors Dallas is joining companies across the country in celebrating the [International Door Association's](#) 2026 SuperTech Day, a day dedicated to recognizing the skilled professionals who keep commercial facilities operating safely and efficiently.

The Vortex Doors Dallas team celebrated with a superhero photo competition, suiting up for a chance to win prizes. It was a fun way to recognize the people who respond to service calls, solve challenging field issues, and help customers minimize disruptions to their businesses.

Over the past several months, the team has completed projects ranging from replacing a failed overhead coiling door at a local distribution center to restoring a malfunctioning automatic entrance at a medical office and repairing damaged dock levelers at a refrigerated warehouse. While most of this work happens behind the scenes, it plays an important role in helping local businesses maintain safe, reliable, and productive facilities.

“

Our technicians tackle custom projects every day that most people never see.”

Jonathan M.

“SuperTech Day is our chance to celebrate the people who make challenging problems look routine,” said Jonathan M., Branch Manager at Vortex Doors Dallas. “Our technicians tackle custom projects every day that most people never see.”

Vortex Doors technicians suit up for IDA SuperTech Day

Dallas–Fort Worth metroplex, from commercial doors, gates, and access systems to loading dock and dock leveler services. Customers include warehouses, distribution centers, retail businesses, healthcare facilities, schools, restaurants, parking structures, and manufacturing facilities.

While customers may only see the finished result, SuperTech Day highlights the expertise, problem solving, and dedication that go into commercial door repair and maintenance. These technicians are the real heroes behind every service call.
