LISLE, IL, UNITED STATES, July 2, 2026 /EINPresswire.com/ -- More than 900 people gathered Sunday at the Science of Spirituality International Meditation Center in Lisle to hear internationally renowned Spiritual Master Sant Rajinder Singh Ji Maharaj present a talk, *Meditation: The Silence That Awakens*. Attendees traveled from across the Chicagoland region and throughout Illinois, representing diverse cultures, professions, and faith traditions, reflecting the universal appeal of a message that transcends boundaries while addressing life's deepest questions. During the talk, Sant Rajinder Singh Ji Maharaj noted that despite extraordinary advances in science and technology, people continue to wrestle with timeless questions: Who am I? Why am I here? Is there more to life? While modern life offers unprecedented access to information, he explained, it has become increasingly difficult to experience the silence needed to discover life's deeper truths.

"Meditation is a process which silences the body and silences the mind. And in that silence, it awakens us to our real self. It awakens us to the divine treasures within," said Sant Rajinder

Singh Ji Maharaj.

Drawing a parallel to environmental pollution, he explained that stress, fear, worry, and mental restlessness act as inner pollutants that obscure our true essence. Meditation, he said, offers a practical way to clear away these inner distractions, awaken to the divine treasures within, and discover the deeper purpose of life.

The message resonated strongly with attendees. During the complimentary vegetarian lunch and guided tours that followed, many visitors expressed appreciation for having a place where life's deeper spiritual questions could be explored in a thoughtful and practical way.

The Science of Spirituality International Meditation Center welcomes people of every faith, culture, and background to its free meditation classes, workshops, retreats, and public programs. Open year-round, the Center provides a welcoming space for anyone seeking to explore spirituality, experience meditation, or pursue a deeper understanding of life.
