Designers, Product Designers, Agriculture Consultants, Fisheries Management Professionals, Crop Production Specialists, Livestock Management Experts, Aquaculture Designers, Agriculture, Horticulture and Fisheries Innovation, Consultancy, Research and Development Companies worldwide. Designs that were sustainably designed within the last 10 years are eligible for participation.

The A' International Agriculture, Horticulture and Fisheries Design Awards is a two-phase competition. The first phase of the competition welcomes free preliminary participation, Agriculture Project Designers, Horticulture Design Specialists, Fisheries Design Consultants, Agriculture Engineers, Horticulture Experts, Biologic Product Manufacturers, Agriculture Brands, Agriculture Manufacturers, Industrial Designers, Product Designers, Agriculture Consultants, Fisheries Management Professionals, Crop Production Specialists, Livestock Management Experts, Aquaculture Designers, Agriculture, Horticulture and Fisheries Innovation, Consultancy,

Research and Development Companies can register at A' Design Awards to submit a work for the Agriculture Projects Awards, and get a preliminary score for their entries. Projects that pass the preliminaries can proceed with nomination, however it shall be noted in advance that there is a nominal fee for nominating entries for Agriculture Projects Awards consideration.

Beyond recognizing excellence in agriculture, horticulture and fisheries design, the A' Agriculture, Horticulture and Fisheries Design Awards contribute to a broader mission of advancing society through sustainable food production, resource-efficient farming and environmental innovation. Entries are anonymously evaluated through a peer-review process by an influential international jury panel composed of more than 300 academics, journalists, design professionals, museum curators, investors and industry experts. By highlighting projects that improve agricultural productivity, water management, biodiversity and responsible resource use, the competition aims to promote global awareness of good design practices while encouraging designers, engineers and agricultural organizations to develop resilient solutions that support future generations.

Agriculture Projects Awards Timeline & Eligibility
