

# Sunstate Equipment Expands Earthmoving Fleet

PHOENIX, AZ, UNITED STATES, July 1, 2026 /EINPresswire.com/ -- [Sunstate Equipment Co.](#), LLC, today announced the expansion of its earthmoving fleet with the addition of larger [excavators](#) and [earthmoving equipment](#). The expansion is a direct response to growing customer demand for heavy-duty digging and grading capability on general construction, trench, and industrial jobsites.

The expanded earthmoving lineup includes excavators and bulldozers suited for deep utility work, site preparation, and high-production

digging. This equipment is available to rent today — backed by Sunstate’s multi-state service network, flexible rental terms, and the same responsive support customers have counted on since 1977.

“

By expanding our earthmoving fleet, we’re strengthening our ability to support larger, more complex projects while delivering the availability, reliability, and service that sets Sunstate apart.”

CEO*

“This investment reflects our commitment to growing alongside our customers,” said Norty Turner, President and CEO of Sunstate Equipment. “By expanding our earthmoving fleet, we’re strengthening our ability to support larger, more complex projects while delivering the availability, reliability, and service that sets Sunstate apart.”

Every piece of earthmoving equipment in Sunstate’s fleet meets the company’s strict standards for reliability and uptime. Customers benefit from Sunstate’s expert support teams, fast service response times, and a transparent rental experience that keeps projects on schedule and on

budget.
