Bringing InteGreat into the Rotation Digital family is not just a growth move. It empowers our clients with more options and it empowers our own people with more depth. Joining Syssero and the broader Rotation Digital family allows us to advance that mission at greater scale, alongside a team that shares our belief in making technology work for the people who depend on it. We’re not changing who we are. We are growing into what we always wanted to become.”- Tara Palmerton, Founder, InteGreat Solutions
