

Solvane Acquires RestoreMasters, Expanding Its National Home-Services Platform

Acquisition adds a three-time Top 100 national roofing contractor and six-time Inc. 5000 honoree to Solvane's rapidly growing portfolio of home-services brands.

CHEYENNE, WY, UNITED STATES, July 4, 2026 /EINPresswire.com/ -- Solvane, an intellectual-property holding company and operator-acquisition platform in the home-services sector, today announced the acquisition of certain assets of RestoreMasters Contracting, LLC, a national commercial and residential roofing and large-loss storm-restoration contractor.

The acquisition reflects Solvane's strategy of acquiring proven operators, consolidating intellectual property, and scaling shared infrastructure across a unified home-services platform.

The transaction expands Solvane's platform to sixteen brands operating as one system — spanning roofing, restoration, plumbing, environmental testing, exteriors, staffing, and lead generation. It follows a series of recent acquisitions by the company, including Evolve Construction & Restoration, Restore Medics, Master Plumber, FullServ, CalMaster Restoration, ClearAir Environmental Testing, and GF Leads, among others, pairing acquired field operations
