SAN JOSE, CA, UNITED STATES, July 1, 2026 /EINPresswire.com/ -- TaxZerone, an IRS-authorized e-file provider, today announced that it is accepting electronic filings of [IRS Form 2290](#), the Heavy Vehicle Use Tax (HVUT) return, for the 2026–2027 tax year. The annual HVUT filing period covers vehicles first used during the tax period beginning July 1, 2026, and ending June 30, 2027.

Owner-operators, trucking companies, fleet owners, leasing companies, and businesses across the United States responsible for registering heavy highway vehicles can now file their HVUT returns through TaxZerone's secure, modern e-filing platform and receive their IRS-stamped Schedule 1 within minutes after IRS acceptance. By filing early, taxpayers can avoid peak-season delays and ensure timely compliance with IRS requirements.

For vehicles first used in July 2026, the Form 2290 filing deadline is August 31, 2026. For vehicles first used later in the tax year, the filing deadline is the last day of the month following the vehicle's first used month (FUM).

## Understanding IRS Form 2290: Why Timely HVUT Filing Matters

IRS Form 2290, also known as the Heavy Highway Vehicle Use Tax (HVUT) Return, is an annual federal excise tax return required for individuals and businesses that register taxable highway motor vehicles with a taxable gross weight of 55,000 pounds or more. Filing Form 2290 and obtaining an IRS-stamped Schedule 1 are essential for vehicle registration and renewal purposes in many states.

agricultural vehicles, may qualify for suspended tax status. However, taxpayers are still required to report these vehicles by filing IRS Form 2290.

### Who Must File IRS Form 2290?

Generally, Form 2290 must be filed by any individual or business that registers or is required to register a taxable highway motor vehicle in their name.

The following taxpayers are generally required to file Form 2290:

- ☐☐ Owner-operators
- ☐☐ Trucking companies
- ☐☐ Fleet owners
- ☐☐ Leasing companies (depending on who registers the vehicle)
- ☐☐ Businesses operating heavy highway vehicles
- ☐☐ Farmers and agricultural vehicle owners operating qualifying heavy vehicles
- ☐☐ Government contractors and other organizations operating taxable highway motor vehicles

Dual registration: If a taxable vehicle is registered in the name of both the owner and another person, the owner is liable for paying the tax. This rule also applies in cases of dual registration of leased vehicles.

Dealers: Any vehicle operated under a dealer's tag, license, or permit is treated as registered in the name of the dealer, making the dealer responsible for filing Form 2290.

"Our goal is to make Form 2290 filing as simple, secure, and efficient as possible," said a spokesperson for TaxZerone. "We continue to invest in technology and customer support to help taxpayers complete their HVUT filing quickly and accurately while receiving their IRS-stamped Schedule 1 without delays."
