(DTIB), a leading supplier of bulk drug testing supplies, today announced the successful rollout of its new eight-tier bulk pricing program, which became effective June 1, 2026. Building on the company's longstanding commitment to competitive pricing, backed by its Price Match Guarantee, the expanded program helps organizations reduce procurement costs on professional drug testing supplies.

The updated pricing model introduces eight volume-based purchasing tiers ranging from 1–3 cases to 250+ cases, giving organizations greater savings as order volumes

increase. Many products now offer discounts of 40–60% or more, helping organizations reduce per-test costs while maintaining access to professional drug testing products.
