Pulse of the City News prides itself on honoring businesses and professionals in the construction and real estate industries such as these that provide an excellent [customer experience](#).

What sets the Pulse Award apart is the research behind it. Pulse uses a database of performance information that has been compiled on an ongoing basis since 2009. Then, by determining an annual rating for companies, Pulse offers a level of stability that tells the whole story, not just what the company did last week. The Pulse Award is reserved for those earning the highest ratings of 4 or 5 stars.
