

Titan Lighting Brings Commercial Expertise, Community Commitment, and Veteran Leadership to Every Project

From municipal facilities and public spaces to retail centers, lighting installations from Titan Lighting continue to transform communities across NE Ohio.

CLEVELAND, OH, UNITED STATES, July 13, 2026 /EINPresswire.com/ -- Titan Lighting has built a reputation as one of Northeast Ohio's most trusted commercial lighting contractors by combining technical expertise, dependable project management, and a commitment to serving the communities where people live, work, and gather. As a veteran-owned business, Titan Lighting brings the discipline, integrity, and attention to detail developed through military service to every project it completes.

Titan Lighting is a veteran-owned lighting company serving Cleveland and the surrounding area.

While many recognize Titan for its award-worthy holiday lighting displays, the company has evolved into a year-round commercial lighting partner serving municipalities, businesses, property managers, and public venues throughout the region.

“

Our mission is about more than installing lights. We help communities develop welcoming spaces, create displays that make businesses stand out, and provide lighting systems that people can rely on.”

Kyle O'Hearn, Owner

Titan's portfolio includes lighting installations for city halls, fire stations, public gathering spaces, retail developments, entertainment districts, and some of the area's most recognizable destinations, including the Cleveland Zoo, Crocker Park, and Victory Park. Whether illuminating a downtown streetscape, enhancing public safety with permanent lighting infrastructure, or creating memorable seasonal displays, Titan delivers customized solutions designed for long-term performance and visual impact.

"Our mission has always been about more than installing lights," said Kyle O'Hearn, Owner. "We help communities develop welcoming spaces, create displays that make businesses stand out,

and provide lighting systems that people can rely on year after year."

Commercial Lighting Expertise

Titan Lighting partners with commercial property owners, municipalities, developers, and facility managers to design, install, and maintain lighting systems that improve safety, enhance aesthetics, and increase energy efficiency. The company's commercial capabilities include:

- Municipal and government facilities
- Public parks and gathering spaces
- Retail centers and mixed-use developments
- Hospitality and entertainment venues
- Architectural and landscape lighting
- Permanent holiday lighting systems
- Seasonal lighting design and installation
- Ongoing maintenance and service

Every project is approached with careful planning, experienced crews, and a focus on delivering results on schedule and with minimal disruption.

A Veteran-Owned Company Built on Service

As a veteran-owned business, Titan Lighting was founded on principles of accountability, professionalism, and service. Those values continue to guide the company today, influencing everything from customer communication to project execution. Clients know they can expect responsive service, honest recommendations, and a team committed to getting every detail right.

Leading the Future of Permanent Holiday Lighting

Permanent architectural holiday lighting has become one of Titan Lighting's fastest-growing services. Homeowners, businesses, municipalities, and commercial properties are increasingly choosing professionally installed [permanent lighting systems](#) that provide year-round flexibility while eliminating the need for seasonal installation and removal.
