

# Mentors Moving & Storage Named a Top-Rated Santa Rosa Moving Company for Stress-Free North Bay Relocations

*With a 4.7-star rating across 692 reviews and 160-hour-trained crews, Mentors Moving & Storage earns its place among Santa Rosa's most trusted movers.*

SANTA ROSA, CA, UNITED STATES, July 7, 2026 /EINPresswire.com/ -- Mentors Moving & Storage has established itself as a top-rated Santa Rosa moving company, earning

a reputation across Sonoma County for reliable, transparent, and stress-free relocations. Since opening in 2020, the company has served homes and businesses throughout the North Bay, and today it holds a 4.7-star rating built on 692 customer reviews. The recognition reflects a clear commitment to service quality. As full-service [Santa Rosa movers](#), the company handles residential and commercial relocations of every size, from single-apartment moves within a 60-mile radius to long-distance relocations that reach all 50 states, Canada, and Mexico. What sets the crews apart is preparation. Every mover completes a 160-hour training program before working a job, so belongings are packed, loaded, and transported with the correct techniques and consistent care.

"Our goal has always been to take the stress out of moving day," a company representative said. "When customers see the same standard of professionalism on every job, that trust is what turns a first-time client into a repeat customer and a referral."

For a growing city like Santa Rosa, that reliability matters. Located roughly 55 miles north of San Francisco and known as the gateway to California's wine country, the area draws steady interest from families and businesses relocating into and out of Sonoma County. A dependable [moving company in Santa Rosa](#) gives residents one less thing to worry about during an already busy transition. Mentors Moving & Storage backs its reputation with practical guarantees that address the most common frustrations people have with movers. For long-distance jobs, the company provides dedicated trucks and guaranteed delivery dates, with pickup and delivery within three days rather than the two- to three-week windows many national van lines quote. Customers keep the same driver from origin to destination, which adds accountability and peace of mind to a cross-country move. Pricing is designed to be equally straightforward. The company offers hourly and flat-rate options for local moves, provides free wardrobe boxes on local jobs, and

does not charge extra for tape, shrink wrap, or mattress bags. Storage is prorated, and a full inventory is performed on move-in at the company's 60,000-square-foot storage facility. Special pricing is available for seniors, veterans, and foster parents.

Beyond standard household relocations, the company offers a full range of specialized services for Santa Rosa and the surrounding communities of Rohnert Park, Healdsburg, Petaluma, and Windsor. These include office and commercial moving, senior moving, apartment moving, piano moving, safe moving, packing and packout services, white glove delivery, corporate relocation, and warehousing and logistics support. This breadth allows one licensed and insured provider to manage moves that would otherwise require several vendors. Licensing and safety remain central to the company's approach. Mentors Moving & Storage is licensed, insured, and bonded, and it encourages every customer to verify a mover's credentials before hiring. For intrastate California moves, the company points consumers to the California Bureau of Household Goods and Services, and for interstate moves, to the Federal Motor Carrier Safety Administration. The company operates under USDOT number 2911596, MC 981013, and CAL P.U.C. T-190845.

For customers weighing options, the company recommends the same due diligence it welcomes on its own record. That includes confirming insurance, reading past customer reviews, checking for a history of complaints, and requesting a written in-home estimate rather than a quick phone quote. Mentors Moving & Storage provides a detailed written estimate before every job, outlining all costs and services in advance.

Whether a client is relocating across town or moving out of state, the company's [long distance movers](#) and local crews aim to deliver the same outcome, which is a move completed efficiently, on time, and without surprises. Mentors Moving & Storage serves Santa Rosa from its office at 3000 Dutton Ave, Suite B, Santa Rosa, CA 95407. Residents and businesses can request a free, no-obligation quote by calling (707) 205-3548 or visiting the company's Santa Rosa location page online.
