Express Hardware Direct offers an extensive Amerock cabinet hardware collection, backed by 50+ years of industry expertise, for homeowners nationwide.

LANGLEY, OK, UNITED STATES, July 8, 2026 /EINPresswire.com/ -- [Express Hardware Direct](#), one of the leading professional hardware suppliers in the United States, offers homeowners nationwide an extensive selection of [Amerock cabinet hardware](#). With over

50 years of experience in the hardware industry, the company serves customers across the country, providing quality name brand products at factory direct pricing.

Cabinet hardware is among the more consequential yet frequently overlooked elements of residential interior design. The hardware chosen for kitchen cabinets, bathroom vanities, and interior doors shapes the overall character of a space. Express Hardware Direct's catalog addresses this through an Amerock product lineup — a brand established in 1929 — covering a broad range of styles from classic to contemporary, with finishes suited to diverse décor directions.

The Amerock collection available through Express Hardware Direct includes:

- Amerock Cabinet Knobs — Available in a variety of shapes and materials, including crystal, ceramic, and brass.
- Amerock Cabinet Pulls — Offered in a range of sizes and textures, from smooth profiles to intricately detailed finishes.
- Amerock Appliance Pulls — Designed for large cabinet and appliance installations where hardware functions as a prominent design feature.

- Amerock Cup Pulls & Edge Pulls — Providing understated options such as stainless-steel edge pulls and traditional cup pulls.
- Amerock Cabinet Latches — Functional hardware that adds character to a range of cabinet designs.
- Amerock Backplates — Decorative frames for cabinet knobs that provide both aesthetic framing and additional surface protection.
