Recognising Quality, Care and Confidence in Travel

The achievements recognised in the 2026 Travel Awards reflect the breadth of today's travel sector, from heritage stays and private guided journeys to accessible holidays, executive transport, independent holiday lettings, community travel and agency networks. Across these areas, success has been shaped by careful planning, clear communication, strong local or specialist knowledge, and a consistent focus on the customer experience.

Many of the recognised businesses operate in areas where trust is essential, whether customers are arranging once-in-a-lifetime trips, accessible holidays, family journeys, medical or school transport, corporate travel, or specialist accommodation. The awards acknowledge those that have invested in service quality, operational improvement, staff training, technology, safety standards and personal support while continuing to adapt to changing customer expectations. Business Awards UK congratulates all winners and finalists for their contribution to a travel sector built on reliability, quality and meaningful customer service.
