

Synkriom Awarded Texas DIR Contract to Deliver Technology Services for Texas Parks and Wildlife Department

State award brings Synkriom's SaaS platform and training services to TPWD, streamlining workforce compliance and empowering field personnel across the state.

PISCATAWAY, NJ, UNITED STATES, July 21, 2026 /EINPresswire.com/ -- PISCATAWAY, NJ — Synkriom, a prominent contributor of enterprise technology and talent solutions, today announced it has been awarded its first contract under the Texas Department of Information Resources (DIR) Cooperative Contracts Program. Under this contract, Synkriom will deliver specialized Learning Management System (LMS) support services to the Texas Parks and Wildlife Department (TPWD).

The DIR contract framework serves as a streamlined procurement vehicle, allowing qualified Texas state agencies, higher education institutions, local governments, and other authorized public entities to acquire Synkriom's LMS-related services and technical support through a pre-negotiated, well-organized purchasing process.

This contract award marks a important strategic breakthrough for Synkriom as it expands its public sector footprint in Texas and emphasizes its commitment to empowering state agencies with advanced, accessible workforce development and training technologies.

"We are honored to support the Texas Parks and Wildlife Department and to begin our partnership with the State of Texas through the DIR Cooperative Contracts Program," said Komal Dangi, CEO of Synkriom. " Our commitment and focus on delivering dedicated solutions to help public sector organizations stands strong with our will as we promise to enhance training delivery, improve compliance, and support workforce development at scale across the state."
