

H2Ocean Launches Lunch & Learn Program for Dental Professionals

Lunch & Learn sessions provide practical, evidence based education for dentists, hygienists, and dental teams on the science of sea salt in oral care.

H2Ocean- First in First Aid

STUART, FL, UNITED STATES, July 14, 2026 /EINPresswire.com/ -- [H2Ocean](https://www.h2ocean.com),

the original patented [sea salt](#) based natural health and beauty care company, today announced the launch of its Complimentary [Lunch & Learn Program](#) for dental professionals across the United States. The new initiative provides dental practices with convenient, science driven

“

Through our Lunch & Learn program, we are bringing the science of sea salt directly to dental professionals, helping them make evidence based decisions that support better oral health outcomes.”

Dr. Rajiv Saini, Chief Scientific Officer, H2Ocean, LLC

educational sessions designed to help them better understand natural sea salt based oral care approaches, emerging research, and the role of oral microbiome compatible products in modern dentistry.

The Lunch & Learn program offers a 45 minute educational presentation delivered to dental offices, allowing dentists, hygienists, assistants, and office staff to participate without disrupting patient schedules. Each session includes complimentary lunch for attendees, educational resources, product demonstrations, and samples of H2Ocean Healing Rinse for clinical evaluation.

As dentistry continues to emphasize minimally invasive care, oral microbiome preservation, and improved patient experiences, H2Ocean developed the program to provide practical clinical education supported by current scientific understanding rather than traditional product promotion. H2Ocean Healing Rinse combines mineral rich Red Sea salt with lysozyme and xylitol in an alcohol free formulation designed to provide gentle oral cleansing while supporting healthy oral tissues. The company has spent more than two decades researching and developing sea salt based healthcare products and continues collaborating with dental professionals, universities, and healthcare institutions to expand scientific understanding of natural oral care solutions.

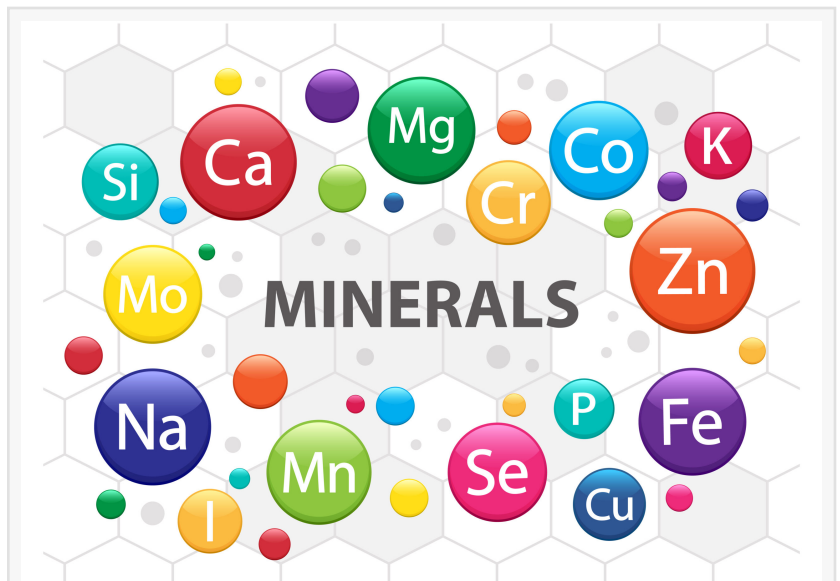

The program also gives dental teams the opportunity to discuss clinical challenges directly with

The Lunch & Learn initiative complements H2Ocean's expanding educational platform, which includes continuing education webinars, scientific collaborations with leading academic institutions, professional conference presentations, and ongoing outreach to dental schools and healthcare organizations. Together, these initiatives reflect the company's long term commitment to advancing education alongside innovation within the dental profession. Dental practices across the United States can request a complimentary Lunch & Learn session by filling out the registration form available on the H2Ocean Oral Care website.
