Following the success of its inaugural 2025 Epoch Open, which raised more than \$50,000 for the Tunnel to Towers Foundation, Epoch Concepts is once again bringing together customers, technology partners, employees, and members of the community for a day of golf, networking, and philanthropy. This year, the event supports Heroes Hall Foundation, which has a goal to raise \$19 million-dollars to build its 14,000 square-foot facility that will offer resources including Veteran services and event meeting space

“At Epoch Concepts, we believe the strongest communities are built by investing in the people and organizations

closest to home,” said Kevin Mackey, President of Epoch Concepts. “As our annual charity golf tournament has grown, it has become increasingly important to partner with a local organization that directly impacts the community where we are headquartered. Heroes Hall Foundation is making a meaningful difference in the lives of local veterans and first responders, and we're honored to bring our community together to support their mission.”

"We're incredibly grateful to be the beneficiary of this year's Epoch Open," said Mike McNairy, Heroes Hall Foundation Chairman. "Support from organizations like Epoch Concepts brings us one step closer to making Heroes Hall a reality. We are developing a place where veterans, active-duty service members, and their families can find connection, resources, and support. Together, we're investing in those who have dedicated their lives to serving and protecting our communities and our country."
