

Urbandale Chiropractic Clinic Launches \$25 New-Patient Special for July

Levels Family Chiropractic in Urbandale offers \$25 New Patient Special for Back Pain, Sciatica, Neck Pain, and Headache Relief

URBANDALE, IA, UNITED STATES, July 20, 2026 /EINPresswire.com/ -- [Levels Family Chiropractic](#), a family-focused chiropractic clinic located at 11895 Hickman Rd, Suite 600 in Urbandale, is giving Des Moines-area residents an affordable way to finally get answers about their pain. For the month of July, the clinic is offering a \$25 New-Patient

Special that includes a one-on-one consultation, a neurological examination, full-spine digital X-rays (when clinically warranted), and a complete review of X-ray findings with Dr. Von Steck.

The offer is designed for the many central Iowa residents who have been putting off care for chronic back pain, sciatica, neck pain, tension headaches and migraines, poor posture, or a suspected spinal condition like scoliosis, but haven't wanted to commit to a full-priced first visit before understanding what's actually going on.

"So many people wait months, sometimes years, before they ever get a real answer for why their back or neck hurts," said Dr. Von Steck, founder of Levels Family Chiropractic. "This July special removes that barrier. For \$25, you get a genuine, in-depth look at your spine and nervous system, a real diagnostic starting point, not just a quick chat, so you can make an informed decision about your care."

What's Included in the \$25 New-Patient Visit

- One-on-one consultation with Dr. Von Steck to discuss health history, symptoms and goals
- Comprehensive neurological examination
- Full-spine digital X-rays, when clinically indicated
- Detailed review of X-ray findings in plain language
- A clear picture of next steps, with no obligation to continue care
