

New Bus Service From Waterbury CT to NYC and Boston

New bus service provides Waterbury residents with faster access to NYC while the Waterbury Branch is shut down.

BROOKLYN, NY, UNITED STATES, July 14, 2026 /EINPresswire.com/ -- TransportAzumah's new bus service from Waterbury CT to NYC and Boston provides a competitive alternative to shuttle bus service while the Waterbury Branch is closed for station upgrades. Four trips are provided between Waterbury and NYC as well as Waterbury and Boston beginning on Friday, July 31, 2026. Travel times of just 2 hours each way directly from Waterbury to NYC provides shorter travel times than any other option except for driving yourself. Our well timed schedules allow customers to enjoy the nightlife and sports events in NYC and Boston with late night departures to get you back to Waterbury later than the Waterbury Branch schedule allowed.

Our convenient NYC stop located at the [George Washington Bridge Bus Station](#) in Washington Heights (Gate 4) has a direct connection to the A express subway at 175 Street, which can get you to Midtown in less than 20 minutes. The GWB Bus Station also has an indoor climate controlled waiting room for 125 people, shielding passengers from very hot and cold temperatures as well as bad weather. This location also avoids ever-present traffic jams in Midtown Manhattan. Our Waterbury pickup in front of the Metro-North station is a location most Waterbury residents are familiar with. Our [Boston location](#) is centrally located in the Back Bay neighborhood and is very close to the Back Bay train station and numerous transport options across Boston.
