“Calera is growing rapidly,” said Brant Malone, President and CEO of Avadian, “and being a part of this community has been on our radar for some time. We're excited to have the opportunity to serve our members who live in the area and provide another financial option to the people of Calera.”

The branch will be a state-of-the-art facility that offers a whole new experience for the community, including a drive-up video-capable ATMPlus+ machine. ATMPlus+ machines allow members to perform transactions plus talk to an Avadian team member on-screen, with hours that extend beyond normal business hours.

The branch's design will provide the technology and space for both quick self-service and assisted transactions, conversations ranging from account maintenance to financial services, online and mobile banking support, and much more.

“For the past five years, Avadian has been investing in the communities we serve by creating new, interactive branch experiences in key markets,” said Jeff Skipper, Senior Vice President of Marketing and Digital Services. “Building this new branch in Calera from the ground up allows us to build off those successes as we reach existing and new members alike.”
