

Polar Tint Franchise Expands Territory Availability Across 29 States

Franchise combines automotive, residential, and commercial window film, ceramic coating, and PPF into one six-revenue-line model.

HENDERSON, NV, UNITED STATES, July 15, 2026 /EINPresswire.com/ -- Polar Tint Franchise, the window film, ceramic coating, and paint protection franchise built on manufacturer-direct supply, today announced continued territory expansion, with protected territories now available for award in 29 states and additional markets opening on a rolling basis.

Each Polar Tint location sources window film, ceramic coatings, and paint protection film through [Glacier Manufacturing](#), an affiliated manufacturer, giving owners access to manufacturer-direct pricing that independent shops typically cannot match. The model consolidates six service lines -- automotive window tint, residential film, commercial film, ceramic coating, paint protection film, and vehicle wraps -- into a single-bay operation, allowing owners to capture a broader share of each customer relationship rather than competing on tint installation alone.

"Polar Tint was built by operators, not by people who have never run a shop," said Steven Schrader, Chief Executive Officer of Polar Tint Franchise. "The territories we're awarding now

reflect a decade of in-shop experience translated into a franchise model designed to actually pay back."

"Every owner we bring on gets the same manufacturer-direct pricing and six-line playbook we built our own shops on," said Edward Bravo, Chief Operating Officer of Polar Tint Franchise. "That's the difference between a franchise on paper and one that's actually been run."

Polar Tint Franchise is listed on the SBA Franchise Directory, which streamlines 7(a) financing eligibility for qualified candidates, and is a member of the International Franchise Association. The franchise offers a 25% reduction in the initial franchise fee for veterans and first responders.

Prospective franchisees can view estimated initial investment ranges, disclosed in FDD Item 7, and submit territory inquiries at polartintfranchise.com.
