TOKYO, JAPAN, July 15, 2026

/EINPresswire.com/ -- Prodigy Co., Ltd., developer of the Meta Quest VR action game The Last Resort: Continent Alpha, and publisher Magnoros Works have released both the full version and a free playable demo on the Meta Horizon Store.

The Last Resort: Continent Alpha is now available as a full game and a free playable demo for Meta Quest.

The full version includes five stages and the complete story, while the free demo lets players experience the game's world and core VR combat before purchasing. Players use a crossbow, handgun, and tomahawk while physically dodging incoming attacks.

To celebrate the launch, the full version is available at 10% off with promo code LAUNCH10-857609. The offer is valid through October 31, 2026 and is limited to the first 100 redemptions. The promotion ends when the expiration date is reached or all available redemptions have been claimed.

A VR Action Adventure Set 1,000 Years in the Future

The Last Resort: Continent Alpha is set on Earth 1,000 years in the future. Players take the role of TwoSuns, a tribal warrior fighting the mysterious invading Acacinus Army.

TwoSuns uses a crossbow and handgun for ranged combat and a tomahawk for close-range attacks and throwing. Players can also call upon the powers of the Buffalo and Eagle spirits while facing waves of enemies and powerful bosses.

Combat requires players to aim, fire, move, and react. Incoming attacks must be physically avoided, threats can appear from multiple directions, and the right weapon must be chosen quickly. Each stage is designed for short, replayable sessions focused on higher scores, reduced

damage, and improved performance.

Full Version Features

- The Red Wasteland
- The Windbound Plains
- The Spirit Forest
- The White Flagship
- The Last Shore

The full version includes Story Mode and Stage Select, allowing completed stages to be replayed individually. Easy, Normal, and Hard difficulty levels are available.

Additional replay features include score challenges, achievements, varied enemy types, and boss battles.
