

Itransition Named the Leading Microsoft Dynamics 365 Finance & Supply Chain Management Partner by ERP Pilot

Itransition earns the top position for its expertise in Dynamics 365 Finance and Supply Chain Management consulting, implementation, and support.

DECATUR, GA, UNITED STATES, July 20, 2026 /EINPresswire.com/ -- [Itransition](#), a global software engineering and IT consulting company and an official Microsoft Dynamics Partner since 2008, has been ranked #1 in ERP Pilot's list of [Top Microsoft Dynamics 365 Finance & Supply Chain Management Partners](#).

The recognition highlights Itransition's expertise in delivering enterprise-grade Microsoft ERP solutions that help organizations modernize financial management, optimize supply chain operations, improve business resilience, and accelerate digital transformation through cloud technologies and artificial intelligence.

ERP Pilot's Microsoft Dynamics 365 Finance & Supply Chain Management Partners ranking recognizes leading Microsoft implementation providers based on their product expertise, implementation capabilities, industry specialization, consulting experience, Microsoft credentials, innovation, and the overall ability to deliver successful enterprise ERP transformations. The directory serves as a valuable resource for organizations evaluating implementation partners for complex Dynamics 365 Finance and Supply Chain Management initiatives.

Being ranked first reflects Itransition's long-standing investment in Microsoft technologies and its ability to combine deep Dynamics 365 expertise with advanced software engineering, cloud modernization, AI, enterprise integration, and business consulting services. With nearly two decades of Microsoft partnership experience, Itransition helps organizations transform finance and supply chain operations through scalable, intelligent solutions tailored to industry-specific requirements.

Itransition In ERP Pilot Rating of Microsoft Dynamics 365 Finance & Supply Chain Management Partners

Itransition

As an official Microsoft Dynamics Partner since 2008, Itransition helps organizations transform finance and supply chain operations through comprehensive Dynamics 365 Finance and [Dynamics 365 Supply Chain Management](#) consulting, implementation, customization, integration, migration, and managed support services.

The company works with enterprises seeking to modernize financial management, increase operational resilience, improve supply chain visibility, and establish connected, data-driven business processes across the organization. Leveraging extensive software engineering expertise alongside Microsoft's business applications ecosystem, Itransition designs scalable ERP environments that integrate seamlessly with existing enterprise systems while supporting future growth.

Itransition delivers end-to-end transformation projects covering financial management, procurement, manufacturing, inventory and warehouse management, demand forecasting, production planning, transportation and logistics, order fulfillment, asset management, and enterprise reporting. The company also helps organizations connect Dynamics 365 Finance and Supply Chain Management with Microsoft Azure, Power Platform, Microsoft 365, and third-party enterprise applications to create unified digital ecosystems.

Itransition serves organizations across industries where finance and supply chain excellence are business-critical, including manufacturing, logistics and distribution, retail, automotive, healthcare, financial services, insurance, and real estate. With delivery capabilities spanning Germany, Lithuania, Mexico, Poland, the United Arab Emirates, the United Kingdom, and the United States, the company supports multinational ERP transformation initiatives for organizations worldwide.

Key Differentiators

Official Microsoft Dynamics Partner since 2008 with extensive experience delivering enterprise ERP transformation projects.

Specialized expertise in Dynamics 365 Finance and Dynamics 365 Supply Chain Management implementations for complex business environments.

End-to-end services spanning ERP strategy, solution architecture, implementation, customization, migration, enterprise integration, user adoption, and long-term managed support.

Experience in delivering capabilities for financial management, budgeting, financial reporting, procurement, inventory optimization, warehouse management, production planning, manufacturing operations, transportation, and logistics.

Strong software engineering and systems integration expertise, enabling seamless connectivity between Dynamics 365, Azure, Power Platform, Microsoft 365, and third-party enterprise applications.

Proven experience helping organizations modernize legacy ERP environments while improving operational efficiency, supply chain resilience, financial visibility, and executive decision-making. Extensive industry expertise across manufacturing, logistics, retail, automotive, healthcare, financial services, insurance, and real estate.

Other reputable providers
