Brystol North's lakefront amenity center, with an anticipated early 2027 opening date, will serve as the focal point of Brystol North, offering spaces for recreation, relaxation and neighborhood gathering. Designed by Northeast Florida-based Basham & Lucas Design Group, the project will be constructed by local contractor Wells Brothers Construction, the team behind the Brystol South amenity center completed in early 2025. The new center will feature:

- Resident-exclusive clubhouse with flexible gathering space, covered porch, and fitness center
- Resort-style pool with lap lanes
- Putting course
- Two pickleball courts
- Open lawn and hammock area
- Dedicated food truck court

Brystol North residents enjoy access to the completed outdoor amenities at neighboring Brystol South, including pickleball courts, a playground and dog park. Once complete, the Brystol North outdoor amenities will also be available to Brystol South residents.

“As Bristol North continues to welcome new homeowners, breaking ground on the amenity center represents a significant milestone in delivering the connected lifestyle envisioned for the neighborhood from the very beginning,” said Austin Burr, GreenPointe’s Regional President. “Port St. Lucie remains a magnet for homebuyers seeking an exceptional quality of life, and Wylder is a community that will continue to meet the demand for beautiful homes, outstanding amenities and a vibrant lifestyle.”
