

Esteban Kadamani to Appear on America's Best Builders TV

FL, UNITED STATES, July 16, 2026

/EINPresswire.com/ -- Esteban Kadamani, founder of Infinite Windows and creator of the AI-powered construction operating system Citadel, is set to appear on America's Best Builders TV, where he will share insights on construction leadership, operational systems, and the practical use of AI in the building industry.

America's Best Builders TV is a cinematic business docuseries that shines a spotlight on the blue-collar founders and operators powering the real economy. These are the contractors, tradespeople, manufacturers, and business owners who built their companies through hard work, leadership, and relentless execution. Each episode takes viewers inside the journey of a successful operator, revealing how they turned skills, grit, and determination into thriving businesses that employ teams, serve communities, and stand the test of time.

In his episode, Kadamani will explore how decades of construction experience led him to develop AI-powered systems that help contractors improve visibility, streamline operations, and build businesses that are not dependent on constant owner oversight.

With a growing demand for authentic stories and real-world insight, America's Best Builders TV continues to spotlight individuals who are shaping their industries and redefining what it means to build something meaningful over time.

Esteban's episode will be available soon on Inside Success Network streaming platforms. In the

meantime, you can find out more by visiting <http://cast.americasbestbuilderstv.com/esteban-kadamani>
