

# QMS2Go to Exhibit at IMTS 2026, Showcasing AI-Powered ISO 9001 Quality Management Platform

*Visit Booth #134768 at IMTS 2026 to see how QMS2Go uses AI to simplify ISO 9001 implementation, compliance, audits, and certification.*

CHICAGO, IL, UNITED STATES, July 17, 2026 /EINPresswire.com/ -- [QMS2Go](#) Corp will exhibit at IMTS 2026, the International Manufacturing Technology Show, taking place September 14–19, 2026, at McCormick Place in Chicago. Visitors are invited to Booth #134768 to experience how artificial intelligence is transforming quality management and [ISO 9001](#) certification.

QMS2Go is an [AI-powered Quality Management System](#) designed specifically for manufacturers. The platform helps organizations create, implement, and maintain ISO 9001-compliant quality management systems while reducing the time, cost, and complexity traditionally associated with certification.

During IMTS 2026, attendees will experience live demonstrations of the platform's capabilities, including AI-generated quality documentation, document control, compliance tracking, internal audit management, corrective action management (CAPA), management reviews, employee training, supplier management, and integrated certification workflows.

The company will also demonstrate how manufacturers can significantly accelerate ISO 9001 implementation using AI while maintaining compliance with international quality standards. QMS2Go is designed for manufacturers of all sizes seeking to improve operational efficiency, prepare for certification audits, and simplify ongoing quality management.

Manufacturers, quality managers, consultants, and industry partners are encouraged to visit Booth #134768 to meet the QMS2Go team and learn how AI can modernize quality management.

About QMS2Go

QMS2Go provides an AI-powered Quality Management System that helps manufacturers build, manage, and maintain ISO 9001-compliant quality management systems. The platform automates documentation, streamlines compliance, supports audits, and connects organizations with qualified certification professionals.
