company more space for laptop and computer repair, mobile device repair, and an expanded retail inventory of technology products for local residents, students, and small businesses.

The relocation follows steady growth for Urban Tech & Repair, built on laptop and computer sales, mobile device repair, and direct customer service. The larger space allows

the company to add repair capacity, increase in store retail inventory including refurbished computers for sale in Jacksonville, and introduce Urban Tech Essentials, an equipment as a service program for individuals and small businesses that need reliable technology without a large upfront purchase.
