

SunnySide Up Beauty Bar Introduces Glacē™ Treatment: A Gentle, Skin-Purifying Ritual for a Grounding, Glowing Complexion

ONEONTA, NY, UNITED STATES, July 20, 2026 /EINPresswire.com/ -- [SunnySide Up Beauty Bar](#) a leading provider of advanced aesthetics and skincare solutions in Oneonta, NY is proud to announce the launch of Glacē™ treatment, a gentle, multi-step [hydrodermabrasion](#) experience that combines science and self-care to purify, hydrate, and illuminate the skin. Designed to deliver both visible results and a moment of mindful restoration, the [Glacē treatment](#) transforms skincare into a grounding ritual that leaves the skin glowing, refreshed, and renewed.

More than a facial, the Glacē treatment integrates four proven steps to renew and refine the skin. It begins with advanced hydrodermabrasion to exfoliate and remove impurities, followed by a targeted serum infusion that delivers hydration and nutrients where skin needs them most. A cupping massage supports lymphatic drainage and facial contouring, and LED technology completes the experience by calming the skin and enhancing post-treatment radiance. Each treatment is performed with sterile, single-use diamond tips and naturally derived serums for a hygienic, gentle, and effective result across all skin types.

"The Glacē treatment is where self-care meets skin care," says Amy Knapp. "Our clients love that it's gentle, hygienic, and delivers a visible glow after just one session. It's more than a treatment; it's a moment to recharge and reconnect with yourself."

What Is the Glacē Treatment?

The Glacē treatment is a gentle, skin-purifying experience that combines advanced

hydrodermabrasion, cupping massage, and LED technology to clarify, contour, and illuminate the skin. Each multi-step session is tailored to individual skin needs, making it ideal for anyone seeking smoother texture, restored hydration, or a visible glow without irritation or downtime. The result is skin that looks radiant and feels calm, refreshed, and balanced.

Each Glacē treatment includes:

- Diamond Tip Hydrodermabrasion: Gentle exfoliation using hygienic, single-use tips in four levels of abrasion to suit different skin types.
- Custom Serum Infusion: A tailored combination of cleansing and naturally derived serums that deeply hydrate and target concerns like dullness, blemishes, uneven tone, or sensitivity.
- Dual-Mode Cupping Massage: Rhythmic suction that encourages lymphatic drainage, contours the face, and enhances skin detoxification.
- LED: Red, green, or blue light settings calm redness, brighten the complexion, and revitalize the skin.
- Biocellulose Mask Finish: A cooling, hydrating facial mask enhances skin absorption and delivers a final boost of radiance.

Benefits of Glacē Treatment:

Glacē treatments are gentle, relaxing, and designed to deliver visible skin improvements with no downtime. Clients often notice smoother texture, more even skin tone, and a vibrant glow immediately after their luxurious session.

Common skin concerns the Glacē treatment can help address include:

- Dull or dehydrated skin
- Uneven skin tone and texture
- Fine lines and loss of firmness
- Oily or congested skin
- Mild acne blemishes or breakouts
- Puffiness and fluid retention
- Sensitivity and reactive skin appearance (non-medical)

Because the Glacē treatment is non-invasive and fully customizable, it is suitable for all skin tones and types, including those with sensitive or mature skin.

Clinical Results and Client Satisfaction:

The Glacē treatment is backed by clinical data showing impressive results in patient satisfaction and skin improvement. In clinical evaluations:

100% of patients reported noticeably cleaner skin after treatment

- 92% experienced an improvement in hydration
- 91% said their overall skin health improved

- 90% indicated they would book another Glacē treatment in the future

Before-and-after images have shown remarkable improvements in radiance, clarity, and skin texture after a single treatment and continued enhancement with repeated sessions.

A New Standard in Advanced Skincare:

Rooted in the belief that healthy skin begins with balance, the Glacē treatment brings together technology and tranquility. The combination of soothing massage, LEDs, and naturally inspired serums creates a restorative experience that benefits both skin and spirit. It's not just a treatment, it's a grounding, glow-giving ritual that renews confidence from the inside out.
