GRAND FORKS, ND, UNITED STATES, July 20, 2026 /EINPresswire.com/ -- [The Elm Group](#), a real estate team affiliated with The Real Brokerage and serving Fargo, Grand Forks and the Minnesota Lakes Area, has been recognized by [RealTrends Verified](#) as the No. 1 large team in North Dakota, ranked by transaction sides, in the 2026 rankings reflecting 2025 production.

RealTrends Verified confirms production data directly with brokerages before publishing, which lends the recognition added credibility in an industry where self-reported numbers are common.

Real Trends Verified Ranking for ND

The team also holds a distinction that spans the entire country. Within The Real Brokerage — one of the fastest-growing brokerages in North America — The Elm Group ranks as the No. 2 team in the nation, a placement measured against thousands of agents and teams operating on the same platform.

"These rankings belong to our clients and our agents," said Tyler Lindell, team leader of The Elm Group. "Being verified as North Dakota's top large team, and standing among the best teams in the country, reflects the trust families across our region place in us every day. We don't take that for granted."

For buyers and sellers across Fargo, Grand Forks and the Minnesota Lakes Area, third-party recognition offers something marketing cannot: independent confirmation of a track record. RealTrends Verified rankings are among the most cited benchmarks in residential real estate, used by consumers and industry peers alike to identify top-performing teams.

The Elm Group credits its results to a model that pairs experienced, full-time Realtors with technology, market analytics and deep neighborhood knowledge. "Our goal has never been a ranking; it's to help people make better real estate decisions," Lindell added. "These results tell us that approach is working, and we're just getting started."
