

Cheshire Motorcycle Training School On Your Bike Keeps Perfect 5-Star Rating

Warrington CBT and Direct Access school at the M6/M56/M62 junction, 45 minutes from most of Cheshire. Courses from £225 include bike, kit, insurance and fuel.

WARRINGTON, CHESHIRE, UNITED KINGDOM, July 21, 2026

/EINPresswire.com/ -- On Your Bike, a [motorcycle training school in Thelwall, Warrington](#), is heading into the peak of the 2026 riding season with a perfect 5.0-star rating on Google. Every one of its 75-plus reviews awards the full five

stars, which the school believes makes it the [top-rated motorcycle training school in Cheshire](#). It also claims to be the easiest to get to. The training site on Bell Lane, Thelwall (WA4 2SX) is a few minutes from the point where the M6, M56 and M62 meet, with free parking on site. Riders regularly travel in from Warrington, Runcorn, Widnes, Wigan, Northwich, Knutsford and Chester, and most of Cheshire is within a 45-minute drive.

“

You get the same instructor all day, nobody gets rushed, say you need a bit more time to crack a U turn.. you get it!”

Angela Davies, founder and lead instructor, On Your Bike

The school is run by its founder, Angela Davies, a certified IAM Advanced Rider. It is small on purpose. There is one site, small groups, and the same instructor from the first briefing to the end of the day. Many of its five-star reviews come from people who had never sat on a motorcycle before their CBT.

“We’re a small school and we like it that way,” said Angela. “You get the same instructor all day, nobody gets rushed. The five-star rating comes from teaching people properly,

not from putting numbers through a system. And because we’re right where the three motorways meet, most of Cheshire can be with us in under 45 minutes.”

A [CBT course](#) (compulsory basic training) at On Your Bike costs from £225. The price includes the training motorcycle, a helmet fitted with a Cardo intercom, a riding jacket, third-party insurance, fuel and the DL196 certificate issued on completion. Lots of riders complete their CBT in one day and can then ride a 125cc motorcycle on L-plates. The school also runs Direct Access (DAS) courses for a full unrestricted motorcycle licence, Module 1 and Module 2 test preparation, and

Motorcycle training - CBT & DAS in Cheshire

refresher training for returning riders.
