

Family Wealth Strategies Earns 2026 Best of Kentucky Award

LOUISVILLE, KY, UNITED STATES, July 28, 2026 /EINPresswire.com/ -- Family Wealth Strategies has been named a 2026 Best of Kentucky Award winner, recognizing the firm's commitment to helping individuals and families navigate complex financial decisions through comprehensive, relationship-focused planning. Guided by its philosophy, "Here, you're family," the firm has built a reputation for helping clients approach financial planning with greater clarity and confidence.

Rather than treating financial planning as a series of disconnected conversations, Family Wealth Strategies takes a comprehensive approach that examines how every piece works together. The firm's services include investment management, tax strategies, risk management, income planning, healthcare planning and legacy planning. By focusing on the bigger picture, the team creates personalized strategies designed around each client's goals, priorities, and long-term plans. The process is collaborative and educational, helping clients better understand financial decisions that often feel overwhelming or overly complicated.

"We're honored to receive this recognition and grateful for the relationships we've built with our clients over the years," said a member of the Family Wealth Strategies leadership team. "Our mission has always been to help families make informed decisions and feel confident about their future. This award reflects the trust our clients place in us and the dedication our team brings every day."

That personalized approach has helped Family Wealth Strategies become a trusted resource for families planning for retirement, protecting assets, and preparing for future generations. As the firm celebrates its 2026 Best of Kentucky Award, their focus remains on providing thoughtful financial guidance that evolves alongside clients' changing needs and long-term goals.
