

Priddy Jewelers Named 2026 Best of Kentucky Award Winner

ELIZABETHTOWN, KY, UNITED STATES, August 10, 2026 /EINPresswire.com/ -- Priddy Jewelers, a family-owned jewelry destination that has served Kentucky since 1963, has been named a recipient of the 2026 Best of Kentucky Award. The recognition highlights the company's longstanding commitment to craftsmanship, personalized service, and helping customers preserve and celebrate life's most meaningful moments through fine jewelry.

For more than six decades, Priddy Jewelers has earned the trust of generations of families by offering a blend of traditional expertise and modern design capabilities. The business is particularly known for its collaborative custom jewelry process, which allows clients to work closely with the team to transform ideas into one-of-a-kind pieces. Through advanced CAD renderings and partnerships with expert designers, customers can visualize custom creations before they are crafted. In addition to custom design, Priddy Jewelers maintains a full in-house repair department capable of everything from ring resizing and stone replacement to heirloom restoration. The store also offers professional appraisals through a GIA Graduate Gemologist, expert diamond sourcing, and a carefully curated selection of fine jewelry and contemporary metals.

"We're incredibly honored to receive the 2026 Best of Kentucky Award," said a member of the Priddy Jewelers leadership team. "This recognition reflects the relationships we've built with our customers over the years and the trust they place in us to care for pieces that often carry deep personal meaning. Whether we're restoring a family heirloom or creating a custom design from the ground up, our goal has always been to provide expert guidance and exceptional craftsmanship."

As Priddy Jewelers looks to the future, the company remains focused on delivering the same personalized experience and attention to detail that have defined its reputation for more than 60 years. The 2026 Best of Kentucky Award serves as both a celebration of that legacy and a reminder of the work still ahead.
