

MK Aesthetics Named 2026 Best of Kentucky Regional Award Winner

NICHOLASVILLE, KY, UNITED STATES, August 13, 2026 /EINPresswire.com/ -- MK Aesthetics has been recognized as a 2026 Best of Kentucky Regional Award winner, an honor that highlights businesses making a meaningful impact in their communities through exceptional service, strong customer relationships, and a commitment to excellence.

Founded by two best friends with a shared passion for confidence, wellness, and helping others feel their best, MK Aesthetics has become a trusted destination for aesthetic treatments, medical-grade skincare, laser services, hormone optimization, and weight loss support. As a women-owned, nurse-led practice, the business has built its reputation on personalized care and natural-looking results tailored to each client's goals.

From facial balancing and lip enhancement to Sculptra, neurotoxin treatments, laser hair removal, tattoo removal, and customized skincare plans, MK Aesthetics takes an individualized approach to every service. Rather than focusing on trends, the team prioritizes education, collaboration, and treatment plans designed around each person's unique needs.

"We're incredibly honored to receive this recognition," said the MK Aesthetics team. "From the beginning, our goal has been to create a place where people feel comfortable, cared for, and confident. This award reflects the trust our clients place in us every day, and we're grateful to be part of their journey."

The Best of Kentucky Regional Awards celebrate businesses that consistently deliver outstanding experiences while contributing to the strength and character of their local communities. For MK Aesthetics, the recognition serves as both a milestone and a motivation to continue raising the standard for patient-centered aesthetic and wellness care.

As the practice continues to grow, the team remains focused on the values that shaped the business from day one: building genuine relationships, providing thoughtful guidance, and helping clients achieve results that feel authentic, healthy, and lasting.
