Surrey Technical Support

“

Our mission is to give Surrey organisations the tools, support, and intelligent automation they need to operate securely, efficiently, and competitively.”

Kevin Abbott

SurreyTechnical.com offers a comprehensive suite of services including Microsoft 365 management, IT support, cybersecurity hardening, automation solutions, and AI-powered business optimisation. The company aims to make advanced cloud technologies accessible to organisations of all sizes — from local start-ups to established enterprises.

“Surrey is home to some of the UK's most innovative businesses, yet many still struggle with outdated systems, rising cyber threats, and the rapid shift toward automation,” said Kev, Founder of SurreyTechnical.com. “Our mission is to give Surrey organisations the tools, support, and intelligent automation they need to operate securely, efficiently, and competitively.”

With a strong emphasis on locality, SurreyTechnical.com is launching dedicated service pages for every major town across the county — including Guildford, Woking, Epsom, Redhill, Farnham, Dorking, and more — ensuring businesses can quickly access IT support tailored to their area.

Key Services Now Available
