In her new role, Santin will collaborate directly with clients through every step of the design journey. Whether designing a single room or any and every part of the home, Santin will leverage Emily's Interiors' full service as both a designer and direct supplier of cabinetry, flooring, hardware, appliances, and 3D lifelike renderings to bring client visions to life. Her primary goal is to make the remodeling and design process enjoyable, seamless, and rewarding from start to finish.

"We are delighted to welcome Elizabeth to the team," said Dale Shadbegian of Marketing and Communication at Emily's Interiors Inc. "Her background in high-end residential design and her passion for proactive, client-centered solutions fit perfectly with our mission to redefine what the

design process should feel like."

Santin is particularly excited to contribute to a culture that values proactive design—constantly adapting and innovating to keep clients ahead of the curve rather than simply reacting to day-to-day challenges.

"I am eager to collaborate with such a talented group of designers and contribute creative ideas that elevate our clients' homes," said Santin. "My dream in this role is to create personalized spaces that reflect each client's lifestyle while ensuring they feel guided, supported, and excited throughout the entire journey."
