

Pre-Orders Open August 6: Supergirl Woman of Tomorrow Statue

Prime 1 Studio announces a new statue: Supergirl Woman of Tomorrow. Pre-orders August 6, 2026 (JST).

ASAKUSA, TAITO-KU, TOKYO, JAPAN, August 6, 2026 /EINPresswire.com/ -- Prime 1 Studio is pleased to announce the upcoming pre-order of Supergirl from "Supergirl: Woman of Tomorrow," joining the Real Elite Masterline series.

Based on the comic that inspired the second film in the new DC Universe, this 1/4 scale statue depicts Supergirl as portrayed by writer Tom King's interpretation of Kara Zor-El. The design incorporates scenes from the planets she visits throughout her journey, bringing together key visual elements from the story into a single display.

Supergirl's floating pose combines the delicate, dramatic artistry of Bilquis Evely with the realistic sculpting approach of the Real Elite Masterline series. The result presents a distinctive interpretation that differs from both the original comic and its live-action adaptation.

The specially designed base draws inspiration from various cover illustrations, incorporating Ruthye, drifting clouds of galactic gas, and alien plant life. Color design influenced by Matheus Lopes further reflects the atmosphere of the original comic.

The Bonus Version includes an additional smiling head with closed lips and a Head Stand for exhibiting the alternate portrait.
