Patient Eleanor J. described her experience with the practice's psychiatric care: "I've been seeing Ilyssa for about 2 years now and she is fabulous. I had never been to a psychiatrist before and

this has made me wish that I started way earlier. The office is lovely and the staff is always kind. If I need a refill or have concerns/requests the team and Ilyssa are very quick to respond and see me if needed. I have recommended her to friends and they also only had good things to say. I would definitely recommend this place if you're looking for a psychiatric care."

The Chestnut Hill care team includes Dr. Peter Kelly along with family medicine nurse practitioners Amanda Brown, Salema Davis, and Karine Keshgegian. The practice operates Monday through Friday from 9 a.m. to 5 p.m.

Patient Max P. shared a similar perspective: "Highly recommend Shamrock! What a great experience. I always get nervous at the doctors office but this place is so comfortable. Happy to have found it!"

Patient Shira B. noted following her first visit: "What wonderful provider. I really enjoyed going here for my first visit and I felt very relaxed and the practitioner was great. It was such a great experience. I would highly recommend her as she listened and I felt very much like she is truly there to help her patients. Thank you so much!"
