ARNOLD, MD, UNITED STATES, July 23, 2026 /EINPresswire.com/ -- [Senior Helpers](#) Opens Doors in Annapolis Senior Helpers offers services that reduce hospitalization and support seniors aging in place.

Senior Helpers of Annapolis, the nation's premier provider of [in-home senior care](#) services, is proud to announce the opening of its newest location in Arnold, MD. The location is owned and operated by Jim Thomasson, and officially began serving the community in April, 2026. Jim is a lifelong local resident, bringing decades of leadership and business ownership experience, combining operational expertise with a deeply community-focused approach to service. Jim grew up working in his family's residential home building business, helping his father and siblings construct many homes in the Anne Arundel County area. Those experiences instilled in him not only a strong work ethic, but also a profound appreciation for what "home" truly means to a family.

Years later, after Jim's mother passed, he saw his father struggle with the idea of giving up his independence by moving in with family. When his mother-in-law's health later declined, she too

wished to remain in the comfort of her own home. Both simply wanted to stay in the place they loved, familiar, meaningful, and filled with memories. Seeing this firsthand, Jim recognized a growing need for high-quality in-home care within the community he grew up in. That experience left a lasting impact and remains one of the driving forces behind his passion for supporting seniors through compassionate, reliable care.

For Jim, opening Senior Helpers of Annapolis feels like a full circle moment. After spending his early years helping build the homes where many families created their first memories, he now dedicates himself to helping seniors stay in their homes, living safely, comfortably, and with dignity. Jim's personal journey shapes his belief that seniors deserve compassionate, respectful care that honors their independence and preserves the comfort of familiar surroundings.

Outside of work, Jim's greatest joy is his family. He and his wife, Suzanne, have built a close-knit life together and have raised four children. Whether he's out on the water boating, fishing, or simply spending quality time with his family, Jim treasures these moments and the strong family connections that mean so much to him.

Through Senior Helpers of Annapolis, they will provide a wide range of services to help people age comfortably and safely in their homes—from assistance with daily activities to specialized care for chronic conditions.

"Senior Helpers stood out to me because of its commitment to compassionate, personalized care and its strong focus on helping seniors remain safe and independent in their own homes. The mission aligned perfectly with my personal experiences and the standards I want to uphold as a business owner." – Jim Thomasson, MBA
