

Aptia Adds Cariloop to Aptia Amplify Partners, Expanding Caregiver Support for Employer Clients

Cariloop joins Aptia's pre-integrated partner ecosystem, giving employers a way to help working caregivers with personalized support through every life stage.

BOSTON, MA, UNITED STATES, July 28, 2026 /EINPresswire.com/ -- [Aptia](#), a leading U.S. employee benefits administrator and global pensions, health and insurance provider, today announced that Cariloop has joined Aptia Amplify Partners, the company's curated ecosystem of pre-integrated third-party solutions that give employers simpler access to high-impact employee benefits.

Cariloop is a leading caregiver support platform that helps working families navigate, find, and manage care for the people who matter most to them. The platform combines personalized coaching from licensed professionals with digital tools for care coordination, provider search, and backup care. Cariloop helps members across the full caregiving spectrum, from childcare and education to elder care, neurodiverse support, and everything in between. The company currently serves more than 2 million working caregivers worldwide.

"Caregiving is one of the most significant challenges facing today's workforce. By connecting employees with licensed care coaches who respond in under two hours on average, Cariloop helps employers address a growing source of workforce disruption before it becomes a retention
