Complete All 50-State NMLS Approved MLO Continuing Education Requirements in One Place

“

With our NMLS-approved courses in all 50 states, MLOs can complete all their annual continuing education on a single, easy-to-use platform”

Joseph Tollefson

Under the SAFE Act, state-licensed mortgage loan originators must complete [NMLS-approved continuing education](#) annually to maintain an active license and satisfy state renewal deadlines, starting the calendar year after completing initial pre-licensing education.

MLOs managing multi-state licenses do not have to buy separate courses across multiple training providers to meet varying state-specific hour mandates. 24hourEDU solves this by offering a single, streamlined portal that

handles national core requirements alongside individual state-specific electives.

"Managing separate training vendors for every state license has always been a major headache for originators," said Joseph Tollefson, director of sales for 24hourEDU.

What 24hourEDU's NMLS Approved MLO Continuing Education Covers

Designed for modern mortgage professionals, 24hourEDU's self-paced online curriculum covers every component required for annual license renewal:

Once an online MLO CE course is completed, the hours are reported directly to the student's NMLS account the next day using their [NMLS ID number](#) (unique identifier) and their last name. 24hourEDU is staffed to report hours 7 days per week for all 50 states.

By offering all courses in an online pre-recorded and fully narrated video format, 24hourEDU gives mortgage loan originators the flexibility to complete their required training anytime, anywhere, well ahead of state renewal deadlines.
