

Big Money Retirement Named 2026 Best of South Carolina Regional Award Winner

GREENVILLE, SC, UNITED STATES, August 7, 2026 /EINPresswire.com/ -- Big Money Retirement has been named a 2026 Best of South Carolina Regional Award winner, recognizing the firm's commitment to helping individuals and families navigate retirement with clarity, confidence, and a long-term perspective. The award highlights businesses that have earned the trust and respect of the communities they serve, and for Big Money Retirement, that trust is built through a comprehensive approach to retirement planning.

As a South Carolina fiduciary retirement planning firm, Big Money Retirement provides retirement income planning, investment planning, tax planning, and legacy planning. Rather than focusing on a single piece of a client's financial picture, the firm works to align all aspects of retirement into a cohesive strategy designed around each person's goals, values, and vision for the future.

A key part of the firm's approach is its structured planning process, which begins with understanding what clients want retirement to look like and continues through personalized financial strategies, ongoing reviews, and proactive tax planning. By bringing investments, income strategies, Social Security planning, and tax considerations together under one roof, the team helps clients make informed decisions with greater confidence.

"We're honored to receive this recognition," said Johnathan Burgess. "Our goal has always been to help people feel confident about the future they've worked so hard to build. Retirement planning is about more than numbers. It's about giving people the clarity and freedom to focus on what matters most to them and their families."

The impact of that work often extends beyond retirement itself. Clients use thoughtful planning to support future generations, contribute to causes they care about, and create lasting legacies. As Big Money Retirement looks ahead, the firm remains focused on helping clients make informed financial decisions and build retirement strategies that support both their goals today and the impact they hope to make tomorrow.
