

PlayWorks, Inc. Early Intervention Named 2026 Best of South Carolina Award Winner

SPARTANBURG, SC, UNITED STATES, August 14, 2026 /EINPresswire.com/ -- PlayWorks, Inc. Early Intervention has been named a recipient of the 2026 Best of South Carolina Award, recognizing the organization's ongoing commitment to helping children and families navigate the challenges and opportunities of early childhood development. Through a combination of case management, Family Training, and Special Instruction services, Playworks has built a reputation across South Carolina for providing practical support that empowers families while helping children reach meaningful developmental milestones.

For many parents, navigating evaluations, appointments, developmental goals, and service options can feel overwhelming. Playworks was founded on the belief that families should not have to navigate those challenges alone. Guided by its mission of "Supporting Families, Achieving Results," the organization works closely with caregivers to develop individualized plans, connect families with resources, and provide hands-on strategies that can be integrated into everyday life. Rather than offering one-size-fits-all solutions, the team focuses on meeting each family where they are and helping them build confidence along the way.

A key component of Playworks' approach is its emphasis on partnership. Through case management services, families receive guidance coordinating services and accessing resources tailored to their child's needs. Family Training and Special Instruction services equip caregivers with practical tools that support communication, learning, and developmental growth in familiar environments, creating opportunities for progress during everyday routines.

"We are honored to receive the 2026 Best of South Carolina Award," said a Playworks spokesperson. "This recognition reflects the dedication of our team and the resilience of the families we serve every day. Our goal has always been to provide meaningful support that helps children thrive and gives parents the confidence and resources they need to support their child's development."

As Playworks looks ahead, the organization remains focused on expanding its impact while continuing to deliver compassionate, individualized services. The award serves as recognition of the trust families have placed in Playworks and the lasting difference that family-centered support can make in communities across South Carolina.
