

Gallery of Lighting Named 2026 Best of South Carolina Award Winner

GREENVILLE, SC, UNITED STATES, August 31, 2026 /EINPresswire.com/ -- Gallery of Lighting has been named a 2026 Best of South Carolina Award winner, recognizing the Upstate business for its longstanding commitment to customer service, product expertise, and helping homeowners, builders, and designers bring their projects to life.

As the largest locally owned lighting showroom in Upstate South Carolina, Gallery of Lighting has spent more than four decades building a reputation as a trusted resource for lighting, fans, home decor, and design solutions. The showroom features products from more than 200 manufacturers and offers an extensive selection spanning modern, traditional, rustic, restoration, and transitional styles.

While the size of the showroom is impressive, customers often point to something else as the reason they return: the people. Gallery of Lighting's experienced team works closely with homeowners tackling renovations, builders managing large-scale projects, and designers searching for the right finishing details. That personalized approach has helped the business become a fixture in the community and a go-to destination for projects of all sizes.

"We're honored to receive the Best of South Carolina Award," said a representative of Gallery of Lighting. "This recognition means a great deal because it reflects the trust our customers have placed in us over the years. Our team works hard to provide knowledgeable guidance, quality products, and a level of service that helps make every project a success."

Gallery of Lighting's inventory extends well beyond ceiling fixtures, with offerings that include wall lighting, exterior and landscape lighting, lamps, LED products, controls, furniture, and home accents. The business continues to evolve alongside changing design trends while maintaining the customer-focused philosophy that has guided it for more than 40 years.

The 2026 Best of South Carolina Award highlights Gallery of Lighting's impact on homes and projects across the region. Looking ahead, the company remains focused on helping customers navigate the ever-growing world of lighting and decor while continuing to deliver the expertise and service that have defined its success for generations.
