

Chisholm Plumbing, Heating & Air Conditioning Recognized with 2026 Best of South Carolina Award

GREER, SC, UNITED STATES, September 1, 2026 /EINPresswire.com/ -- Chisholm Plumbing, Heating & Air Conditioning has been named a 2026 Best of South Carolina Award winner, recognizing the Greer-based company's commitment to dependable service, quality workmanship, and strong community relationships. The award highlights businesses that have earned the trust of the people they serve, making it a meaningful achievement for a company built on the belief that every customer should be treated like family.

Serving homeowners and businesses throughout Greer, Greenville, and surrounding communities, Chisholm Plumbing, Heating & Air Conditioning provides a full range of plumbing, drain, heating, and cooling services. From emergency plumbing repairs and furnace service to air conditioning repairs, water heater installations, and indoor air quality solutions, the company has become a trusted resource for customers looking for practical solutions and clear communication.

As a family-owned and locally operated business, Chisholm Plumbing, Heating & Air Conditioning has built their reputation on honesty, hard work, and a customer-first approach. The company's slogan, "Serving your home like it's our own," reflects a philosophy that guides every job. Technicians arrive prepared, take the time to explain options clearly, and focus on delivering long-term value rather than quick fixes. That consistency has helped the company develop lasting relationships throughout the communities it serves.

"We're honored to receive the 2026 Best of South Carolina Award," said a representative of Chisholm Plumbing, Heating & Air Conditioning. "This recognition belongs to our customers as much as our team. Their trust allows us to do what we love every day, and we're grateful for the opportunity to serve our neighbors across the Upstate."

The award marks an important milestone for the company, but its focus remains unchanged. Chisholm Plumbing, Heating & Air Conditioning plans to continue investing in quality service, skilled technicians, and strong customer relationships while helping homeowners and businesses stay comfortable, safe, and confident in the systems they rely on every day.
