

STAR TREK SPIRITS UNVEILS FIRST-EVER OFFICIAL ORIGINAL SAURIAN BRANDY CELEBRATING STAR TREK'S 60TH ANNIVERSARY

Limited-edition collector's release includes the Gene Roddenberry Legacy Edition featuring a 1966 Heritage Blend and archival film cells.

NEW YORK, NY, UNITED STATES, August 6, 2026 /EINPresswire.com/ -- In celebration of the 60th anniversary of Star Trek: The Original Series, [Star Trek Spirits](#), announced today the first officially realized Original Saurian Brandy, a limited-edition collector's release inspired by the distinctive bottle featured throughout the franchise's history.

First featured in the Star Trek: The Original Series episode "The Enemy Within," broadcast on 6 October 1966, the unmistakable Saurian Brandy bottle - with its sculptural silhouette, dramatically curved bottleneck, and signature handle - has appeared across multiple generations of Star Trek storytelling for nearly six decades, appearing throughout multiple generations of Star Trek storytelling and becoming one of the franchise's most recognizable recurring prop designs.

Now, for the first time, Star Trek Spirits brings the historic bottle to life as an ultra-premium collectible spirits release, individually hand-formed to reflect the original design seen throughout the Star Trek franchise.

Years in development, the project required specialized glassmaking techniques to recreate the

bottle's sculptural shape and distinctive curved neck. Despite decades of fan fascination and collector demand, an officially realized luxury edition of the Original Saurian Brandy has never before been produced. The bottle's uniquely sculpted form and complex bent-neck construction demand that each bottle be individually hand-formed using specialized artisanal glassmaking techniques typically reserved for luxury decanters and museum-quality collector objects.

The Original Saurian Brandy collection will officially debut during the Star Trek convention in Las Vegas as part of the global 60th Anniversary celebration.

To commemorate this historic milestone, Star Trek Spirits will offer two highly limited versions:

"My father dreamed of a future built on exploration, optimism, and the occasional nip of Saurian Brandy. What he didn't anticipate was that it would take 60 years to make that last part happen." said Eugene "Rod" Roddenberry. "This is decidedly not Synthetol... it's the real thing, crafted alongside Star Trek Spirits with genuine care and respect, as well as actual 1966 vintage brandy woven into the blend as a nod to the year Star Trek first premiered. Sixty years in, I think fans are going to feel that history, connect with it in a very meaningful way...and probably feel it again in the morning."
