

Zima Automotive Backs Stevie's World of Wiffleball for Springfield Families

Springfield's Zima Automotive is supporting Stevie's World of Wiffleball, a local charity that helps families of children facing serious medical challenges.

SPRINGFIELD, OH, UNITED STATES, August 7, 2026 /EINPresswire.com/ -- [Zima Automotive](#) Backs Stevie's World of Wiffleball for Springfield Families

SPRINGFIELD, OH - August 2026 - Zima Automotive is a family-owned auto repair shop in Springfield. The company has announced its support for Stevie's World of Wiffleball, a local nonprofit. The organization raises money for families of children in the Clark County area who are facing serious medical challenges.

For more than two decades, Stevie's World has helped ease the financial burden of a child's medical journey. The organization raises funds through its annual wiffleball tournament and year-round efforts. This support helps families manage travel, time away from work, and treatment costs that can add quickly during a crisis. For a shop rooted in the same community it serves, lending its name to that effort was an easy decision. The sponsorship reflects a customer-first approach the shop has carried since opening in 2014.

“

This community has supported our shop for years, and Stevie's World gives us a way to give back to the families who need it most.”

Max Zima, Owner, Zima Automotive

Zima Automotive provides everyday [auto repair services](#) for domestic, Asian, and European vehicles. Beyond that work, the company has built its reputation on transparency and trust.

Those are the same values its team sees in how Stevie's World supports local families year after year. The shop is encouraging fellow Springfield businesses and residents to learn more about the organization and the children it supports.

A Message From the Owner

"This community has supported our shop for years, and Stevie's World gives us a way to give back to the families who need it most. These kids and their parents are carrying more than anyone should have to. If our support makes even one part of that lighter, it's worth it." said Max Zima, owner of Zima Automotive.
