

Gold, Critical Minerals, Hydrogen, and AI: Companies Present at the August 5-6 OTCQB Virtual Investor Conference

Meet With Management Teams From OTCQB Venture Market Companies, Many Dual-Listed on the ASX, TSX, TSX Venture Exchange, CSE, and AQSE

NEW YORK, NY, UNITED STATES, August 3, 2026 /EINPresswire.com/ -- [B2i Digital, Inc.](#) invites investors to its latest Featured Conference: the [OTCQB Virtual Investor Conference](#), taking place Wednesday and Thursday, August 5-6, 2026.

B2i Digital, as the Official Marketing Partner, brings the two-day event into its ecosystem. A distribution and media engine drives a qualified audience to the presentations and the meetings that follow.

Unlike the sector-focused events in the series, this conference is organized around the OTCQB Venture Market itself. Gold, silver, and critical minerals anchor the agenda, with natural hydrogen, artificial intelligence software, clinical-stage biotechnology, and specialty construction materials rounding out the two days. Every presenting company trades on the OTCQB Venture Market.

Each company has 30 minutes for a live presentation and Q&A. One-on-one meetings can be requested through the conference platform, and replays are posted to the B2i Digital and OTC Markets YouTube channels.

Before, during, and after both days, B2i amplifies the event across its platform. That puts these venture-stage companies in front of more than 1.7 million retail and institutional market participants. It is the same visibility engine that has carried presenting companies From Marketing to MeetingsSM at more than 120 investor conferences.

"I think like an investor, an investment banker, and a marketer all at once, and the three rarely agree on anything except this: nothing beats hearing a CEO answer a question they didn't script.

Gold Camps, Hydrogen Wells, AI Agents, and Clinical Pipelines on One Venture Market

I think like an investor, an investment banker, and a marketer all at once, and the three rarely agree on anything except this: nothing beats hearing a CEO answer a question they didn't script."

David Shapiro, Chief Executive Officer of B2i Digital

The OTCQB Venture Market is where growth stories get written early, and for two days investors can question the authors directly, from gold exploration in the Northwest Territories to conversational AI in Vancouver," said David Shapiro, Chief Executive Officer of B2i Digital.
