

ONE•Beauty Space Introduces the Matrix® Skin Renewal Platform: A Revolutionary Approach to Skin Health

BROOKLYN, NY, UNITED STATES, August 4, 2026 /EINPresswire.com/ -- [ONE•Beauty Space](#) is proud to announce the addition of the Candela [Matrix®](#) platform to its comprehensive suite of aesthetic services. This groundbreaking system is redefining the future of non-surgical skin renewal with science-backed technology designed to meet the evolving skin needs of patients across all ages and skin tones.

More than just [RF microneedling](#), the Matrix® system is a complete skin renewal platform that redefines the approach to non-surgical aesthetic care. This all-in-one system is built to deliver personalized treatments across

multiple skin layers, targeting tone, texture, and laxity. Its advanced, real-time impedance monitoring ensures each pulse is perfectly calibrated for consistent results. By stimulating natural collagen production and adapting to each patient's unique skin concerns, Matrix® empowers ONE•Beauty Space to achieve visible, natural-looking outcomes with greater confidence in every treatment.

“

Matrix fits our philosophy perfectly. It enhances what's already there, with real results and no downtime.”

Daria Pushkareva

Using three complementary technologies, the Matrix® platform allows ONE•Beauty Space to treat diverse skin concerns across all skin layers with one treatment name, The Matrix Treatment:

- RF Microneedling: Stimulates collagen with precision at up to three depths in one insertion for wrinkle reduction,

skin tightening, and volume restoration.

- Fractional Resurfacing & Ablation: Improves texture and tone by delivering fractionated bipolar RF energy to resurface skin and reduce fine lines and wrinkles.
- Bulk Heating: Combines infrared and bipolar RF energies to smooth superficial and deeper dermal layers without needles or downtime.

Matrix® treatments address a wide variety of skin concerns in a single, efficient system—boosting patient satisfaction and practice performance.

What Makes Matrix® Different?

Matrix® reframes aesthetic care from a technology-centric narrative to an outcome-driven solution. It treats the most common concerns such as skin laxity, fine lines and wrinkles, sagging, and uneven tone while offering benefits like:

- Customized treatments for all skin tones and types
- Visible results with minimal downtime
- Consistent and predictable energy delivery

The Matrix® platform offers preventive care for younger skin, restorative treatments for midlife concerns, and collagen-boosting renewal for more mature skin.

ONE•Beauty Space: Dedicated to Transformative Care:

Whether patients are seeking to refine skin texture, reduce fine lines and wrinkles, sculpt the jawline, or restore lost volume, Matrix® Treatments provide visible, natural-looking results tailored to each individual's unique skin journey. ONE•Beauty Space is the premier destination to begin the Matrix® experience.

At ONE•Beauty Space patients can discover how Matrix® Treatments help achieve radiant, youthful-looking skin with confidence. For more information or to schedule a consultation, visit <https://www.one-beauty.org/> or call +1 (917) 864-8984

About ONE•Beauty Space:

ONE•Beauty Space is a Brooklyn based aesthetics studio built on the belief that every person deserves to feel confident, radiant, and like the best version of themselves. The team is made up of specialists in aesthetic injections and cosmetology, each bringing years of experience, ongoing education, and a genuine commitment to natural looking results. Every procedure is performed with precision and deep anatomical knowledge, using only FDA approved products from established brands, and every client is met with the same level of care and attention regardless of whether it's their first visit or their tenth. At ONE•Beauty Space, beauty is about enhancing who you already are, not changing who you are.

About Candela Corporation:

Candela is a leading global medical aesthetic device company with an extensive product portfolio and a global distribution footprint. The company's technology enables physicians to provide advanced solutions for a broad range of medical aesthetic applications including hair removal, wrinkle reduction, tattoo removal, women's health treatments, facial resurfacing, traumatic and

surgical scar treatments, body contouring, improving the skin's appearance through the treatment of benign vascular and pigmented lesions, and the treatment of acne, leg veins, and cellulite. Candela's trusted and leading IPL, RF, and laser-based platforms, including Matrix™, Glacé™, Vbeam®, the Gentle Family®, Nordlys®, and PicoWay®. Acquired by Apax Partners in July 2017, Candela markets, services and supports its products in 86 countries worldwide. It has offices in the United States, Australia, Canada, China, France, Germany, Hong Kong, Israel, Italy, Japan, Portugal, Spain, the United Kingdom, as well as many international distributors.
