

Becker Transactions Presents Patent Portfolio Setting New Standard for Dispute Resolution in the Digital Age

LOS ANGELES, CA, UNITED STATES, August 5, 2026 /EINPresswire.com/ -- In response to the evolving landscape of dispute resolution, [Becker Transactions](#) announces exclusive representation for David Inc's groundbreaking Patent Portfolio, which includes two granted U.S. patents. Designed to address the inefficiencies of traditional paper-based platforms, this portfolio represents a pivotal shift toward automated document generation and mass arbitration—key solutions in the wake of class-action waivers.

Patents Overview:

Patent Title: System and interface for electronic communication generation and tracking

Application Number: 15/137,975

Pre-Grant Publication Number:

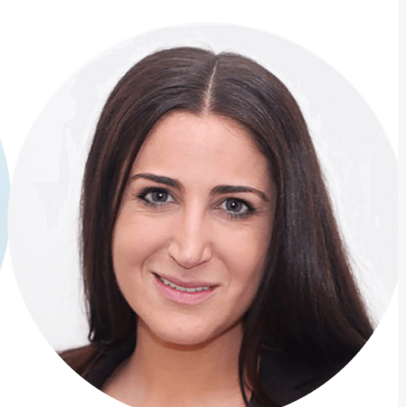

US20160314111A1

Patent Number: 10540437

Issue Date: January 21, 2020

Patent Title: System and interface for electronic communication generation and tracking

Application Number: 16/746,010

Pre-Grant Publication Number: US20200151386A1

Patent Number: 11270068

Issue Date: March 08, 2022

This patent portfolio is more than a collection of features; it offers a structural competitive advantage that enhances the dispute-resolution workflow:

Creation of Comprehensive Legal Documents from Simple Facts: Historically, the barriers to arbitration—time and cost—have deterred consumers from pursuing legal remedies. David's innovations leverage similarities in fact patterns and relevant laws, allowing legal documentation to be generated in mere seconds without requiring legal expertise.

Maximizing Repeat-Player Advantage through AI: The technology harnesses structured data from previous disputes, utilizing machine learning and artificial intelligence to enhance the expected value of future disputes, effectively removing uncertainties.

Efficient and Trusted Marketplace: Relevant to both partisans and neutrals, including marketplace operators, this technology optimizes transaction efficiency and fairness across various platforms, from buyer/seller to peer-to-peer interactions.

Recognition and Impact:

- The American Bar Association invited David to apply for the prestigious Louis M. Brown Award for Legal Access, acknowledging the significant contributions of its inventions.

In today's competitive dispute-resolution environment, acquiring David Inc. Patent Portfolio presents a strategic, time-sensitive opportunity for organizations to:

- Immediately launch high-margin, recurring SaaS revenue streams.
- Efficiently manage mass-scale disputes as either a partisan or a neutral entity.
- Future-proof platforms against emerging competitive threats, bolstering market relevance for the next decade.

As the future of dispute resolution transitions towards automation and artificially intelligent optimization, David Inc.'s patented solutions stand as essential components for any platform

aspiring to achieve market leadership.

About Becker Transactions

Becker Transactions is a world leading patent brokerage firm expertly led by Dean Becker and Olivia Becker, a father daughter team, who bring a rich family legacy of navigating complex intellectual property transactions. Our team has collectively facilitated over \$11 billion USD in intellectual property transactions. With decades of experience collaborating with inventors, government agencies, top research institutes, universities, and major corporations, we specialize in technology monetization. We excel at identifying essential intellectual property assets and connecting them with strategic buyers seeking competitive advantages.
